## FLOWERS ON DISPLAY IN TOKYO IFEX 2008

The walk-in floral display cold room of an upmarket florist shop in Aoyama, Tokyo. The luxurious shop was designed by Mr Takashi Sugimoto, interior designer for the Hotel Grand Hyatt, Tokyo. The captivating external glass facade and textured stone and timber features inside, blend harmoniously with the exquisite flowers resulting in a dynamic fusion of east meets west.

The Daiichi Engei store will feature in the next issue of the Australian Flower Industry magazine. March 09.

Beautiful florist shop with limited space inside.

Orders prepared on footpath outside.
